

NOTICE OF PUBLIC COMMENT PERIOD

PROPOSED CLOSURE CERTIFICATION AND ADDENDUM TO THE CLOSURE PLAN

Former Central Storage Facility, Mather Field
Mather California 95655

Public Comment Period: April 25 to May 26, 2008

WHAT'S BEING PROPOSED?

The Department of Toxic Substances Control (DTSC) invites you to review and comment on a proposed Closure Certification and the Addendum to the Closure Plan for the former hazardous waste management facility:

Former Central Storage Facility
Mather Field
North of Macready Avenue and West of Eknes Street
Mather, California 95655

The Addendum, if approved, will lead to the certification of the closure for the Central Storage Facility. The Addendum would revise the closure standards to match the newly available background soil data from the Sacramento area. This revision means that the U.S. Air Force has completed the closure of this facility. However, the Air Force will take additional samples and, if necessary, clean up the remaining soil contamination not related to the former facility but present within its boundaries.

HOW DO I PARTICIPATE?

With this notice, DTSC starts a public comment period for 30 days. You may submit your comments in writing by U.S. mail or by e-mail to Fred Fontus at the address below. Please submit your comments on the proposed Addendum to the Closure Plan from April 25 to May 26, 2008.

Please send them no later than 5:00 PM on May 26, 2008, to:
